DVAuction
Broadcasting Real-Time Auctions

Thank you all for coming to our sale

You can also view online at www.DVAuction.com

The Larson Family warmly welcomes each and every one and sincerely thanks all of you for attending our Customer Appreciation Christmas Dinner and Production Sale! DECEMBER 6, 2023, at 1:00 pm at the Hamill Community Hall, Hamill, South Dakota. Dinner will start at 11:30 a.m. CST. This year we are going to offer two sales – Long Aged (coming 2-year-olds) and AI'd Bred Heifers on December 6th and in April, we will offer top new genetic yearling bulls and pairs.

The ranch is a fifth generation working cattle operation where the cattle must be easy fleshing and do it on their own and not all fed on. We try to breed for genetics that produces a complete package so we can mate different genetics to your program, to help it expand, and grow.

We are offering 50 top, coming 2-year-old bulls. They are all semen tested and they have had all of their shots. We are also offering 215 bred heifers, mostly all AI'd in one day to start calving March 1st and bull bred April 1st.

You can come to the ranch and view the livestock any time prior to the sale. We believe you will enjoy the warm comfortable family orientated atmosphere at the dinner and sale, where good friends and fellowship can be had by all. It is also nice for the livestock's health, where the cattle can be comfortable at the ranch until they go directly from the home ranch to your ranch.

We decided to do two sales again this year. As our 2-year-old program grows, we can offer bulls and bred heifers to everyone before the first of the year. You can date your checks for the date of the sale or January 1, 2024, depending on what your needs are. We will keep all the cattle at the ranch until after the holidays. Cattle can be picked up December 15th through January 2nd, whenever works for you. Please call to set up an appointment time so we can have health papers and brand releases ready to go. In the spring, close

to turn out time, after you semen test your old bulls, you will still have an opportunity to pick up some of the top new genetic packages for your cow herd. We will offer 100 semen tested top yearling bulls and pairs, that will be ready for you to turn right out to grass. We hope, by doing these two sales, it will also help your programs to be more profitable, also. As times change, we are trying to change with them to help all of our customers and friends to continue growing. This year we are seeing strong cattle markets with an extremely strong forecast. Cow numbers are very low and consumption continues to increase with large demand for a superior beef product.

The bred heifers have all been ultra-sounded, calf sexed, scour shots, dewormed, and have had all breeding shots, including anthrax. They have also been bangs verified and tested negative for BVD. They are bred for one day to start calving March 1st. We have tried to sort for quality and docility very stringently. We don't have 205 weights on the bulls because when you wean/weigh very young calves and adjust them out to 205 days of age we believe the calculations add too much weight to there wean weights and don't feel it is fair to the buyer. Hopefully in the future these younger bulls we keep back for 2-year-olds can be run in a separate pasture and weaned closer to 205 days of age also like the April bulls. These are the top of the younger bulls.

Notice in the records, the spread between birth, weaning, yearling weights, and high dollar beef. Remember to appraise an animal for a complete package of natural thickness, structure, maternal, breed back ability, realistic EPD's, with real growth and frame, and not just fed on. Our cows run in the rough river hills, must do it on their own, bring in a big calf in the fall, and be bred back in good shape.

You will see a few bulls that are a little older. These were guarantee bulls we kept back from the April sale but were not needed for use, this year.

We sincerely appreciate each and every one of you for coming, and the trust you put into working together for your program and ours.

BREEDING SOUNDNESS EXAM

Two-year old bulls have passed a breeding soundness exam by the Animal Clinic, LTD of Winner, SD.

HERD HEALTH

The Larson bulls and heifers are on an excellent herd health program designed to provide optimal health and reproductive efficiency. Throughout their production cycles they have been given numerous vaccines to ensure their ability to perform at the highest level. These include IBR- P13-BVD-BRSV, Histophilus, Mannheimia Multimin Vitamin Shot, Haemolytica, Pasteurella Multocida, Mycoplasma, 7 way, Pinkeye and Anthrax. In addition they have been given Dectomax injectable and an Ivermectin pour on. They have all been ear notch tested negative for BVD. The bulls have all had a Virashield 6VL5HB vibrio lepto and Fusoguard foot rot vaccine. The heifers have been Brucellosis vaccinated, pelvic measured, given Vista 3VL5 prebreeding, as well as Gaurdian. All heifers' pregnancies have been ultra sounded for age and if old enough the sex of the embryo determined. The Larson cattle have many years of outstanding success and are ready to go into any herd and get right to work.

Animal Clinic, LTD., Winner, SD

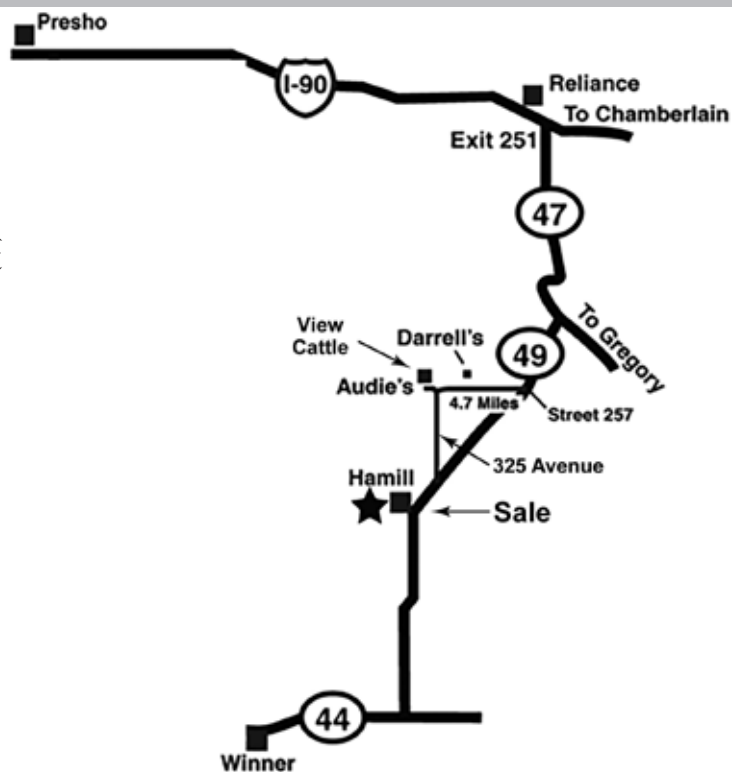

Dr. Boaz Swift, Dr. Tom Covey and Dr. Laura Hancock

All bulls were weaned on September 20 & 23. They were on a growing ration of ground hay, silage, free choice loose hay, distillers, minerals and vitamins.

We try to grow them with good muscle; not burn them out with a hot ration of grain.

We believe we brought to town an even, excellent, thick, super fancy and showy set of bulls that will work in anybody's herd with fantastic pedigrees and proven genetics behind these bulls.

REGISTRATION PAPERS

Papers will be mailed (on registered) cattle upon request of buyer unless otherwise announced. Please leave information with the clerk at settlement. We will sign and mail papers to purchaser who can send them in to be transferred.

PERFORMANCE RECORDS

Performance records are included for your information and guidance in selection. We consider them important but not absolute. We have tried to provide in these records enough information to help you in selecting a bull which will best fit your needs.

TERMS AND CONDITIONS

Terms of the sale are cash. Each animal will be sold to the highest bidder. Bidding disputes will be settled by the auctioneer, whose decision will be final. All cattle will be at the purchaser's risk as soon as sold, but will be cared for the best possible. (All remarks sale day take precedence over catalog.)

ACCIDENTS AND LIABILITIES

All persons attend the sale at their own risk. The sellers and sales management assume no liability, legal or otherwise, for any accidents occurring in, on, or about the premises.

– Volume Discount –

A volume discount of 5% will be given on the purchase of 5 to 9 bulls bringing over \$4,000 each. (not averaging \$4,000) A volume discount of 10% will be given on 10 bulls or more.

**BOTH FALL 2023 & SPRING 2024
SALES WILL BE TIED TOGETHER.**

This year every bull that sells for \$3,500 or more will be guaranteed against breeding injuries until September 1, 2024. We will guarantee the bulls to be breeders and to pass a breeding soundness and fertility exam (Penile Hematoma, Preputial Tear, Testiclitities) if your bull is unusable we will credit you the difference between your purchase price and the salvage value of your bull on a bull in the 2024 sale, that being said your bull will be covered for 100% value. We will try to have a loaner bull available for you to use the balance of the 2024 breeding season, (until September 1, 2024) at which time you can return the loaned bull to the Larson's. The bulls are not covered for abuse, neglect or lack of care. Any bull that brings under \$3,500 will be guaranteed at 1/2 credit towards the Dec. 2024 sale using the difference between purchase price and salvage value. We will try to have a loaner bull available for you to use until September 1, 2024 at which time the bull can be returned to the Larson's (or we may have the opportunity for you the day of the sale so you may insure your bull yourself that day.)

BOARDING OF BULLS AFTER SALE

We can take all the bulls home and keep them free of charge until Feb. 1st (a \$2.00 per day after Feb. 15th). Any bull that brings over \$5,000 will be kept free of charge until March 1, 2024. It would be greatly appreciated if all bulls could be picked up by March 1st, 2024, or as soon as possible. As the weather warms up the bulls run a higher risk of injury due to riding & fighting. We will do our best to care for the bulls but injuries can happen. Thank you VERY much.

SALE TERMS AND CONDITIONS

Except for those stated in the below terms and conditions, there is no warranties, either expressed or implied, as to merchantability of fitness for a particular purpose with respect to the livestock being sold at this auction. The warranties and guarantees set forth in the "terms and conditions" are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claim through buyer, for any breach of warranty or guarantee therein provided, and all other obligations or liabilities.

BIDDING

Each animal will be sold to the highest bidder without reserve. The person in charge will settle any disputes as to bids, and his decision on such matter shall be final.

ANNOUNCEMENTS

Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

BREEDING GUARANTEE

1. All animals are guaranteed to be breeders, with the exception of
 - a) Calves under twelve months of age;
 - b) Animals shown by purchaser after the sale (in cases of animals shown after purchase, the breeding guarantees, if any shall be such as agreed upon between the seller and the buyer);
 - c) Injury or disease occurring after the sale;
 - d) Gross negligence or willful misconduct on the part of the purchaser
2. **Bulls** are guaranteed breeders if not allowed to run with the herd until at least 12 months of age. Any bull which settles cows by natural service and passes fertility test made by competent fertility tester, mutually agreed upon by buyer and seller, during 6 months period of trial (provided for in paragraph 2 of the section of these sales terms and conditions) shall be considered a breeder. Any guaranties with respect to the ability to freeze semen shall be by separate agreement between the buyer and seller.
3. **Safe in Calf Females** have been examined by a competent veterinarian and are so guaranteed.
4. Bulls have passed semen fertility test.

All of these records are provided as tools and aids in selecting a bull. But never select breeding stock just on records, but also on eye appeal, structural correctness, herd longevity of the sires and dams, fertility and herd history.

To get your weekly EPD updates, you can go to the Angus Association each Friday and view them.

Out of an extremely strong cow family for many generations.

COMMERCIAL BRED HEIFERS

These heifers originated from our herd and herds from our customers.

They all carry Larson Family Ranch genetics.

All heifers have been pelvic measured and will sell gate cut of 5 or more.
